BACKLINE

BAND PROVIDES

- All instruments, guitar and bass amplifiers
- In-ear monitoring (IEM packs, splitter + monitor mixer)
- Playback laptop (sequences + click)

VENUE PROVIDES

- FOH PA system (full-range + subs)
- FOH console: ≥24 mic/line inputs
- All drum & percussion microphones + stands
- DI: 4 channels
- Talkback vocal mic + boom stand
- Stage power (see Power)

MONITORING

The band is fully self-contained on in-ear monitors — no stage wedges or monitor mixes required from FOH. Each musician runs their own IEM pack; the band brings and manages its own stage splitter + monitor mixer.

PA / FOH

Professional, well-maintained system appropriate to the venue, with subwoofers. FOH console with ≥24 mic/line inputs.

POWER

At least 6 × 230V Schuko sockets front of stage and 6 at the rear (adjustable).

STAGE & SCHEDULE

Minimum recommended stage 6 × 4 m for 8 musicians; a drum/percussion riser is appreciated where available. Typical timing (adjustable): load-in & setup 60 min, line check / soundcheck 60 min.
